### About Achillion Pharmaceuticals

Achillion Pharmaceuticals, Inc. (NASDAQ:ACHN) is a clinical-stage biopharmaceutical company focused on advancing its oral factor D inhibitors into late-stage development and commercialization. Each of the drug candidates in the Company's oral factor D portfolio was discovered in its laboratories and is wholly owned. Achillion is focusing its drug development activities on alternative pathway-mediated rare diseases where there are no approved therapies or where existing therapies are inadequate for patients. To advance its investigational drugs into phase 3 and commercialization, the Company plans to work closely with key stakeholders including patients, payors, regulators and healthcare professionals.
